

COMPANY PROFILE

MKP Furniture — Design, Manufacture, and Ship With Confidence

A Letter From Our CEO

At MKP, furniture is more than a product — it is a craft that shapes the spaces in which people live and work. Every piece we create reflects our commitment to precision, integrity, and enduring quality.

We welcome the opportunity to build a lasting partnership with you, founded on trust, shared values, and a common commitment to design excellence.

Thank you for considering MKP as your furniture manufacturing partner. We look forward to a productive and successful collaboration.

Ho Huu Phuc
CEO

A Partner You Can Build On

MKP operates a fully integrated furniture ecosystem — encompassing design, manufacturing, and logistics — under a single operational structure. This end-to-end capability enables us to uphold quality at every stage of production while maintaining cost efficiency for our partners. The result is a manufacturing partner capable of delivering consistent quality, reliable lead times, and pricing structured to support long-term, sustainable growth for both parties.

Our Commitment

"We also establish priority criteria to make decisions in our collaborations with partners, thereby finding suitable partners to ensure value for both parties."

1. Quality

Quality needs to be ensured to the highest standards as agreed upon, and any changes require the customer's approval.

2. Progress

There will be many objective issues that may arise during the execution of an order or project. Therefore, we carefully consider each order to ensure the committed progress is maintained to the best possible extent.

3. Price

Competitive pricing is indeed crucial, but ensuring business efficiency for long-term, sustainable cooperation is equally important. Therefore, we will not compete solely on pricing at the expense of taking significant risks for both parties.

Factory Hub

Personel:

- 40 management, specialized, and office staff
- 400 - 500 direct production workers

Equipments:

- state-of-the-art machinery, 2024 edition
